

Jake Hertzog Trio with Harvie S and Victor Jones

Jake Hertzog is a guitarist who proudly calls Champaign Illinois his home. At only 23 he has already making his presence felt in the music industry. In 2007 Hertzog became one of the youngest performers ever to headline a stage at the Montreux Jazz Festival, as a result of winning the 2006 Jazz Guitar Competition at only 20 years old. One of the most distinguished recent graduates of the world-renown Berklee College of Music in Boston, Hertzog has just released his debut album "Chromatosphere" to rave reviews, featuring some of the best musicians in New York including Harvie S, Victor Jones, and the great Michael Wolff as a special guest. In addition to releasing his new album, Hertzog also services his pop side as the musical director for teen pop sensations Nat and Alex Wolff of the Naked Brothers Band (Nickelodeon), and tours nationally with them. He has also performed and studied with, Joe Lovano, Greg Osby, Victor Jones, Zade Dirani, Terri Lyne Carrington and Max Weinberg.

The legendary **Harvie S** has performed and recorded with masters in music including Stan Getz, Chet Baker, Dexter Gordon, Jim Hall, Michael Brecker, Gil Evans, Mike Stern, Pat Metheny, Art Farmer, Toots Thielemans, Joe Lovano, John Scofield, Chick Corea, Erik Friedlander, Danilo Perez, Paquito D'Rivera, Pat Martino among many others and hailed by Jazz Improv as "*one of the preeminent bass voices in jazz today.*"

One of the pioneers of "acid jazz", Jones continues to lead his own group "Culturversey", the current incarnation of which includes Jake Hertzog on guitar.
